The dawning of each new
 day
 is full of wonder
 and amazement. Why?
 Because it brings with it
 a new beginning.
 There is a dawn in all of us
 waiting to break through
 to a brighter day,
 and the marvel is that
 there lives
 an unending supply
 of newness and hope
 within us.
 We look forward
 to the breaking of a new
 day,
 for 1980 is
The Dawn of a Decade.

Whoever said that our school didn't have enthusiasm should have attended our pep assemblies. Filled with team members, the stage was an endless row of shoeless feet. Coach Albaugh stressed the need for athletic support. (If our cheering had been more vigorous, the seats may have broken!) How did the cheerleaders come up with those skits? Their pyramid looked v-e-r-y s-t-e-a-d-y. And John Denny tried so hard not to be shy.

GIRL TALK

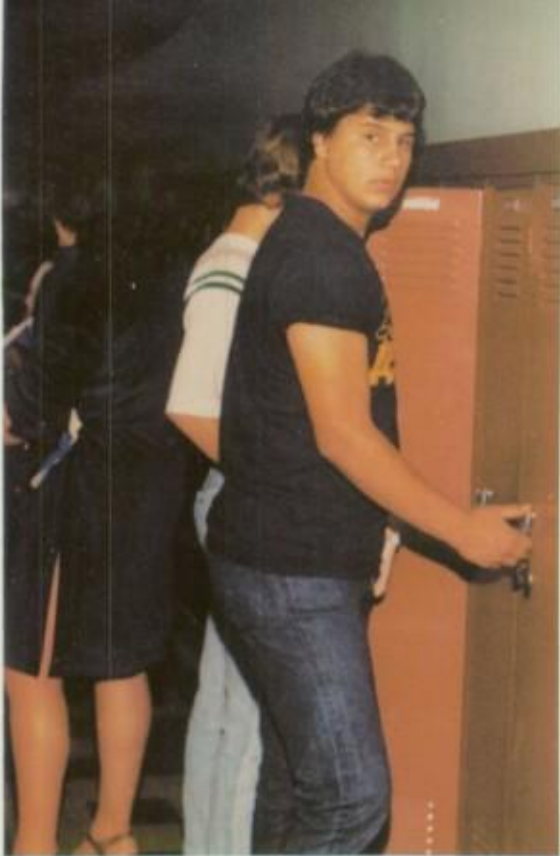

In every corner of the school females were observed doing many things. From cleaning the stove, reading, playing tennis, singing, cheering, or pretending to be quiet in the library, Derry's women did it with class. Was that Mrs. Giotto with a frown? Perhaps she was missing two students who were dreamily talking on the new pay phones! Miss Jones probably even dreams in the key of G. And everyone agreed that no one, but NO ONE could have ever filled Miss Hazlett's shoes!

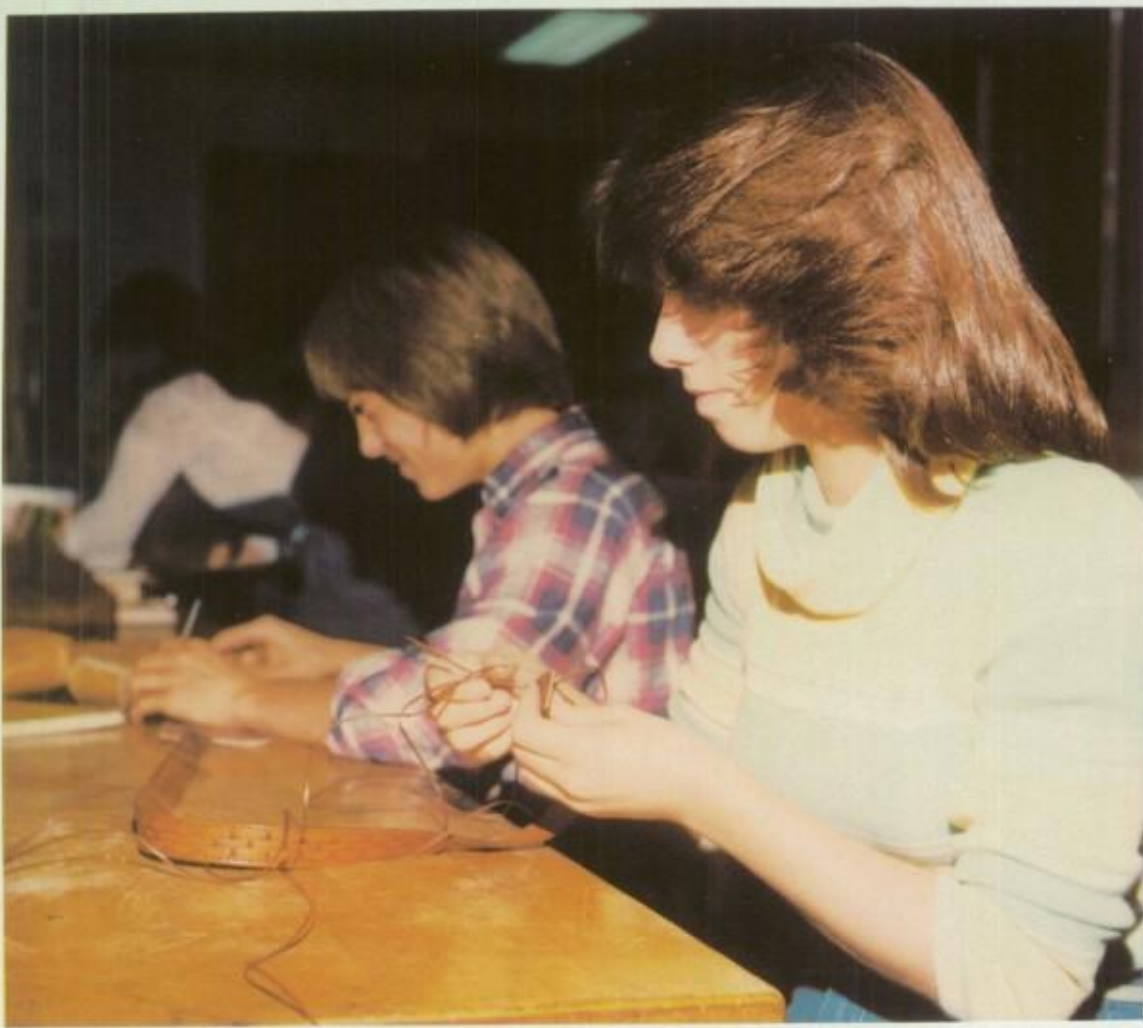

The spirit of the "macho" male was alive and well in the halls and classrooms of Derry. Whether shaving wood, playing soccer in gym class, finishing a leather project, taking notes in biology, or singing in ensemble, they were real men! Of course, they still had time for serious pursuits, such as blowing bubbles, gathering brownie points, washing the dishes, and dodging the reckless females in the halls.

SCHOOL DAZE

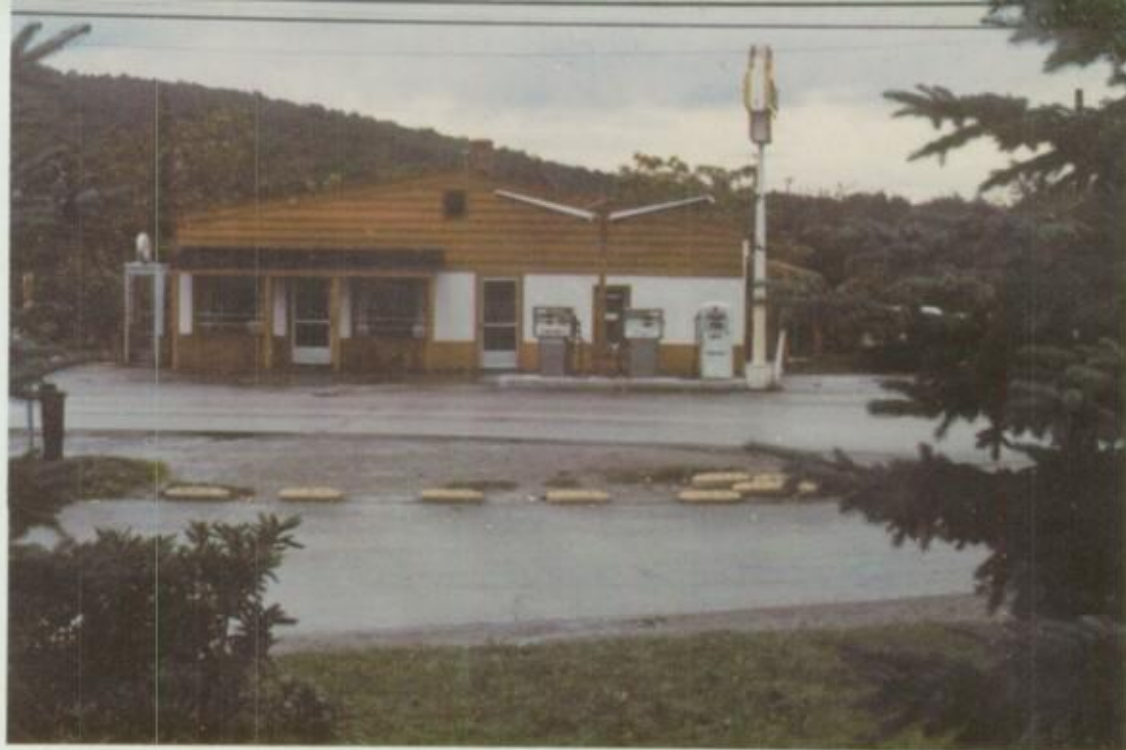

Some things never seem to change-not even for a new decade. Someone, somewhere always seemed to be threading a belt together or asking Mr. Gourley for help. Chemistry still remained a foreign language, despite Mr. Cignetto's valiant efforts. Or was it Mr. Werner who spoke the foreign language with his coordinate conjunctions and modals? There was always a serious student hovering over the card catalogue, but the poor tuba player couldn't hover over anything! Once again we heard that graduation was only the beginning. Now we know that it is true.

Golden Rule Days

When we look back over the year we call to mind some "golden" if quiet moments: Commencement, those good old films, and finding that lost pair of shoes at the bottom of the locker. The Economics Quiz team won their first round, the colorguard practiced in all kinds of weather, and layouts were done and redone. But miracle of miracles: was Gee Gee's ever that empty? Not even the computer could answer that question.

For the fifth consecutive year Homecoming was celebrated in the cold rain. Breaking from tradition Cathy Heacox and her court, (senior attendants) Lyn Christian, Jamie Kollar, Shelly Stroz, (junior princess) Jill Carnahan, and (sophomore princess) Donna Schall, wore blazers and wool skirts. Though Derry lost the game, the Art club won the float contest. Smiles were wide and hearts were warm as former graduates and present students "came home" to celebrate what has become a tradition.

-It Rained Again-*

Senior night brought many shows of sentiment and affection between parents and students. Senior football players and cheerleaders were honored at the pre-game show, while the band, colorguard, and majorettes were recognized at half time. Under a starry sky on a balmy autumn night, these seniors played their last song, cheered their last cheer, played their last game, and marched for the last time on their home field. And observing all of these activities was Dave Krinock in his traditional three year old shorts.

WILLIAM C. WEBER

**"HAPPINESS
IS THE ONLY
PRODUCT THAT
MULTIPLIES
BY DIVISION."**

After thirty five years of much happiness, William C. Weber has retired from teaching mathematics at Derry.

Mr. Weber's educational career has been a distinguished one. Acting as Department Chairman for twenty one years, he has taught Algebra I, II, Trigonometry, Geometry, Analytical Geometry, College Algebra, and Calculus. Under his tutorage, Derry Area has had outstanding math teams for the past fifteen years.

"Great Men Think Deeply About Simple Things"

In keeping with his image, Mr. Weber is seldom seen without his "overhead projector." He has said, "It's not how much you cover - but how much you uncover!" And Mr. Weber's teaching has uncovered many truths to prospective mathematicians. In his quiet way, he has inspired both his students and his fellow teachers. While standing back and viewing a mathematics problem complete with solution, he has said admiringly, "Isn't that beautiful!" Somehow because he really believes it, his students believe it. His love of subject has influenced these students to share his appreciation for "the beauty of mathematics."

Through our years at Derry we have learned that high school is not just a building, but life on a smaller scale. It is here that we have learned to live with others, to handle responsibility, and to appreciate the opinions of others. Our high school years have provided us with an education that will enable us to not only seek higher education, but also to live in the outside world.

It is here that friendships are made which last forever. We have experienced the good with the bad. We have had our ups and downs, and our laughter and tears. We have had our carefree, happy days, and our serious crucial ones. There were proms and parties, tests and homework, but all these were part of the best years of our lives.

Life's stage is set as the graduate stands poised in the wings ready to enter the daily drama of adult living. The script is sprinkled with sadness and joy as the everchanging plot moves from comedy to tragedy . . . the measure of each which no one can foretell. A host of attentive critics will rebuke a bad performance and may occasionally applaud the good. As the curtain rises on life's biggest act . . . here is a brief formula for good living.

"What is given determines what is received."

DERRIAN PRODUCTION STAFF

To record a true history of our school year is impossible, for though it has been very real and full of life and action, it is now intangible - a part of ourselves. We, the *Derrian* staff, have endeavored to gather here pictures, sketches, notes, that in days of tomorrow, when we have graduated, we may in turning these pages, pick up the thread of memory and weave our own tapestries around every loved spot and tender association. In doing so, may our hearts be warmed with affection for our school and may our purpose in life be strengthened.

MICHAEL

A YEAR

From SYDNEY to LOYALHANNA

This year's foreign exchange student was Michael Hart. Michael lives with his parents, his brother, Tim, and his sister, Sally Ann, in Sydney, Australia. His father is a publican. He runs a pub in the hotel the family owns. Michael's family is eighth generation Australian, his ancestors emigrating from England and Ireland many years ago. Michael graduated from a private boarding school and, following his year in the United States, plans to enroll in a university to pursue a career in economics. Upon his arrival in July, 1979, Michael made his home with the James Kovac family of Loyalhanna. In his American home, Michael had four brothers and sisters. He is interested in sports, being a participant in tennis, rugby, golf, rowing, surfing and swimming. Michael is also an amateur photographer who enjoys listening to popular as well as classical music. His favorite food is oysters, but while in the U.S. Michael learned to love halupki and pirohis. He enjoyed watching "Hart to Hart" (Michael Hart) and SOAP. Michael feels that the AFS experience is "A great opportunity to represent my own country to Americans."

ABROAD

JIM

From BRENIZER to BOKSBURG

After spending a year in the Republic of South Africa under an AFS Scholarship, Jim Frenchik returned to complete his senior year at Derry. During his stay in South Africa, Jim was hosted by two families. From January to April, he stayed with the Mendel Miller family of Johannesburg. The remainder of his trip was spent with the Serrurier family of Boksburg. Jim attended Boksburg High School four days a week and Voortrekker Hoer, an Afrikaans school, every Tuesday. The main subjects offered were English, history, Afrikaans, biology, and math.

Jim noted that South Africans enjoy many of the same pastimes enjoyed by Americans including discos, movies and concerts. The favorite sports are soccer, rugby and cricket. Before returning to the United States, Jim had the opportunity to visit the Cape region of the country and tour a gold mine that stretches for 12,000 feet beneath the city of Boksburg. According to Jim, AFS is definitely worthwhile. Not only do you get to know another culture first hand . . . you get to know yourself much better.

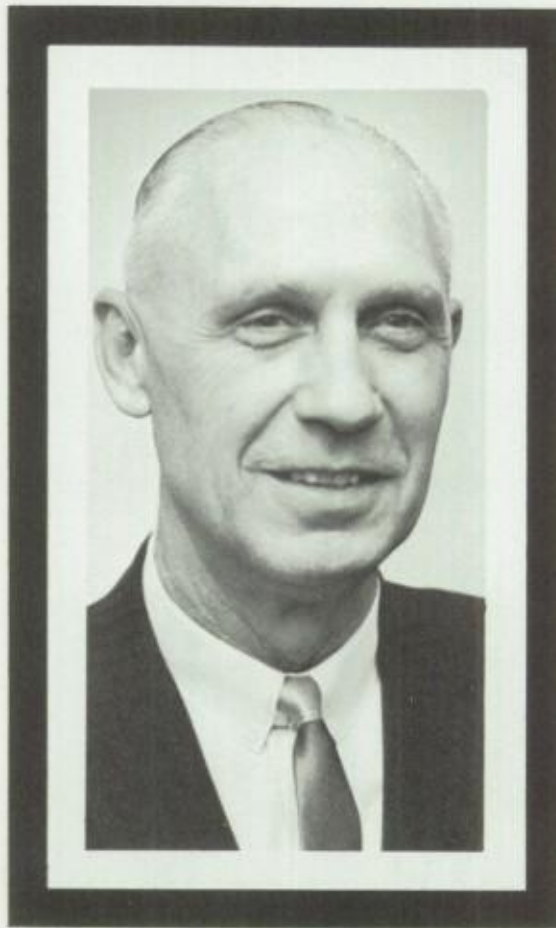

From SNYDERTOWN to MOOSBURG

VICKI

Vicki Keslar, a 1979 graduate of Derry, was awarded an AFS Scholarship to Austria. Vicki left Snyderstown in August 1979 to live with the Sorger family in Moosburg, Carinthia, Austria. Mr. Sorger, (her host father), is the manager of a meat packing company and his wife takes care of their guest house. Vicki had a sister, Helgit (12 years old), and a brother, Arno (10 years old). While there Vicki attended Allgemembilende Hohere Schule, a German high school, as a junior. She studied German, English, Latin, chemistry, physics, math, history, philosophy, psychology, religion, physical education, art and music. She enjoyed ice skating, hiking, attending the theater and eating Austrian pastries. What she really liked about Austria was the land, the friendliness of her people and how "natural" everything is. There is no exaggerated glamor, no emphasis on money and nothing false. Everything is just "natural."

DEDICATION

Milford John Kurtz, former Superintendent of Derry Area School District, died January 20, 1980. His career in education had been a long and distinguished one. Graduating from Hurst High School in 1927, Mr. Kurtz was an outstanding football player, and he received an athletic scholarship to Thiel College. While at Thiel, he won a Tri-State Medal for outstanding athletics and graduated with a Bachelor of Science degree. He received his Masters of Education from the University of Pittsburgh.

Mr. Kurtz came to Derry in 1934. He served as head football coach. After serving as a Naval officer in World War II, he returned to become principal in 1947. In 1953, he was made supervising principal and became superintendent in 1966.

The former superintendent was instrumental in the jointures of Derry Borough, Derry Township, and New Alexandria in 1955, which led to the merger in 1962. He supervised the building of the senior high, junior high, three elementary schools, and the administration building.

M. J. Kurtz, a man known for his candor and his love for all education, retired in 1971. It is because of many years of service to students and teachers of Derry Area that we dedicate the 1980 Derrian to **Milford John Kurtz**.

FACULTY

DERRY AREA BOARD OF EDUCATION

The **Board of Education** serves as the law-making body of our school district. It is comprised of nine members who are constantly striving to fulfill the wants and needs of the schools. These men and women give freely of their time to aid in Derry's educational life. Their chief concern is that of bettering our schools for the youth of tomorrow. Under their guidance Derry Area Schools have fine teachers, good equipment, and a positive attitude toward education.

Mathematics Team

Derry Area's Math Team placed 3rd in the 6th Annual High School Math Competition at Westminster College in October. Derry was one of 41 teams from 28 highschools entered in the event. Among 166 contestants participating, Eric Carlson finished as 2nd highest individual scorer, two points behind the winner. Jeff Stout placed 11th. Eric Carlson, Jeff Stout, Matt Mehalic, and Jim Moritz were members of Derry's Team A, while Team B consisted of Jim Benna, Debbie Cioffi, Rafael Gulas, and Bonnie Springer. Team B placed 16th.

Three math teams representing Derry did well in the 1979 Mathematics Team Competition sponsored by California State College in November. Team A finished in 3rd place, Team C in 31st place, and Team B in 39th place. A total of 363 teams from 5 states were entered in the contest. The A Team was composed of Carlson, Stout, and Mehalic. Members of Team C were Cioffi, Gulas, and Springer. Team B members were Benna, Cioffi, and Moritz.

Scholastic Quiz Team

Members of Derry's 1979 *Scholastic Quiz* team soundly defeated Norwin by a score of 235 to 75 on November 10th. The team travelled to Johnstown to play Richland in January. For their victory over Norwin, the team won \$600 in scholarship credits to the University of Pittsburgh at Johnstown, which was awarded to a deserving student at Derry. Advisors for the quiz team were Mrs. Bash and Mr. Perla, social studies instructors.

"The Music Man" is about a traveling salesman, Harold Hill. Hill cannot read music nor play an instrument, but he is the hottest salesman traveling through the mid-west in 1912. Professor Hill arrives in River City, Iowa and convinces the townspeople that they "got trouble" in their city and they need a brass band to take care of it. His motives are dishonest but while fleecing his customers, he transforms a dull town into a singing and dancing community. Harold completely charms all the women in the town who have utter faith in him. This naive faith, especially that of the town librarian, subtly transforms him from a scheming conman to a reliable citizen.

Set in New York City, *F.L.I.P.P.E.D., Feminine Liberation Idealists Party for Permanent Equality and Democracy*, is the story of the Pendleton family and their involvement in a women's liberation movement. College-aged Nicolette (Niki for short), the youngest daughter, is the cause of all the problems. She joins women's lib because she "believes in it". She convinces her sisters, Gabriella (Gaby) and Drusilla (Drusy), to do likewise. This creates hilarious problems for everyone involved: a chauvinistic construction worker (Mitch Nygren) sets his sights on Niki; Drusy's fiancé, Eric Forbes, a newspaper columnist, is forced to cover the *F.L.I.P.P.E.D.* rallies, and Tom Blair's (Gaby's husband) Kitten Club is raided by both women libbers and the police. But after quite a bit of hassle, everything ends up happily ever after.

This player has really perfected the art of sliding. He even has time to give a little kick!

With such concentration, it's no wonder Jeff Minick had such a good season.

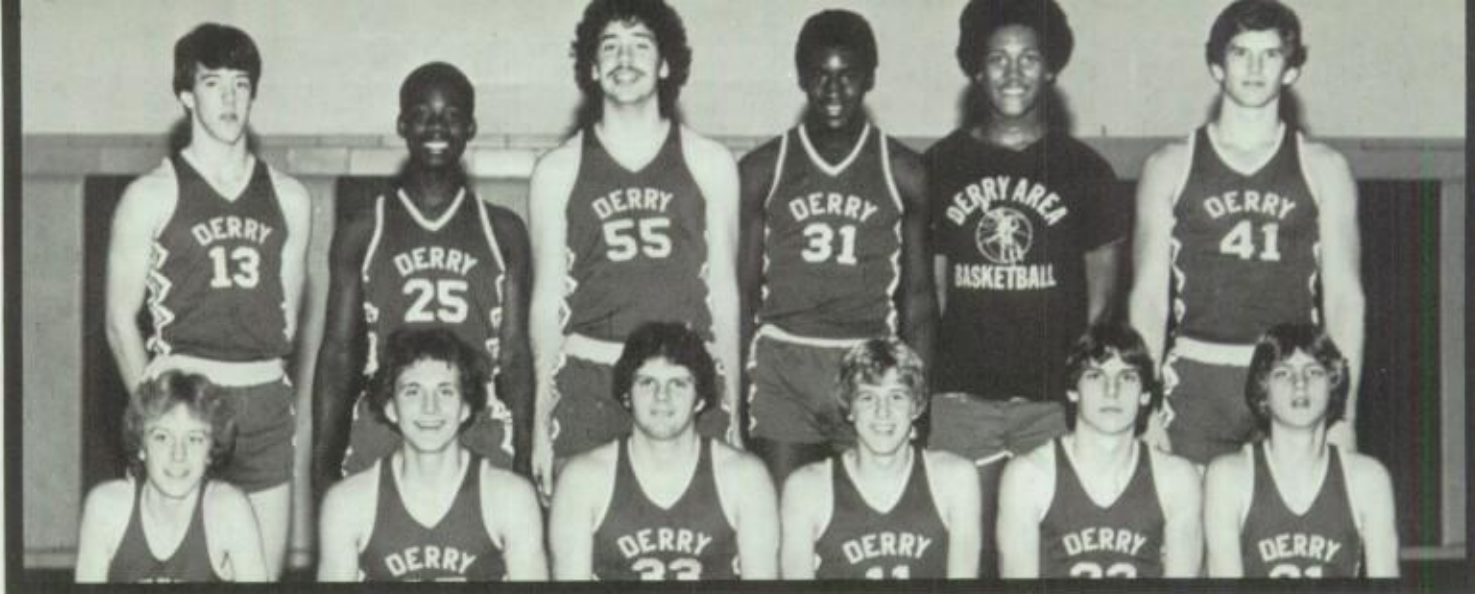

This Trojan wants to take the base home with him!

The 1978 - 1979 Derry Area Trojan baseball team, in its second year of competition, compiled another outstanding record. The 1977 - 1978 Trojans finished second in Section I with a record of 14 - 3. Improving upon that record, the Trojans were co-section champs in 1979. The team lost the playoff game against Greensburg Salem to determine who would advance in the the WPIAL tournament.

Where is Wilt Chamberlain when you need him?

"Oh please" prays Steve Coppelli, "Let it go in."

Doesn't Terry Kinney have gorgeous legs?

"Now boys, the basketball court is out THERE!" reminds Coach Previc.

Mark Marron looks like he could use a Coke and a smile

Terry Kinney "discos" as Todd Kisick "shuffles" down the court.

"Now don't tell ME to look at the birdie!" says scorer Mr. Burd.

"It looks like 'You and Me Against the World,'" says Larry Gritzer to Todd Kisick.

At the beginning of this year, Coach Himler said "If the team stays healthy and everyone keeps the right attitude, this will be the best season in many years." He was right. The Derry Area Basketball team did have a winning season. The starting five, who were also all returning lettermen, worked well together in the games. Junior, Rick Clayton, was high scorer and high rebounder for the year. It looks as if the sweet smell of victory is slowly beginning to flow through the air at Derry.

"Look ma, no feet!" exclaims Ricky Clayton

Gritzer plows his way to the basket

Is that Mark Barberich behind those Foster Grants?

Just a pinch between your cheek and gum is all it takes, right Ron Nicely?

Sherri Kirkland, Stacy Wano, and Diane McDowell can really "get down and boogie" out on the court!

"Play it cool," says Coach Carnahan to Sherri Kirkland, "And give it all you've got!"

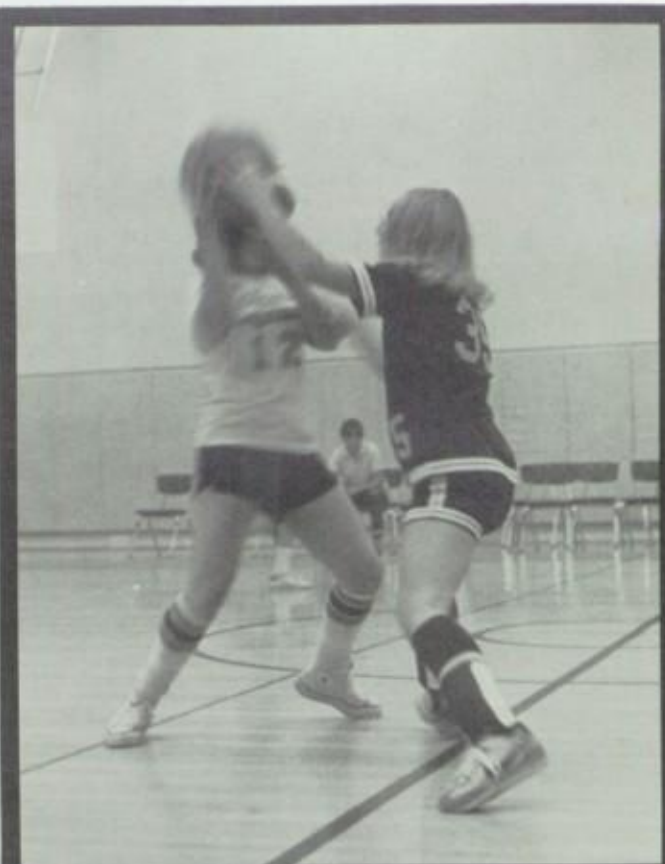

Is Michele Quinlisk leaving the game because she forgot her "two scoops of raisins and golden flakes of bran?"

Is Sherri Kirkland confused about who she is guarding?

Sometimes the ball just doesn't stay in anyones hands. Maybe some peanut butter . . . or jelly . . .

"Be reasonable . . . do it *my* way," says Lori Sistik.

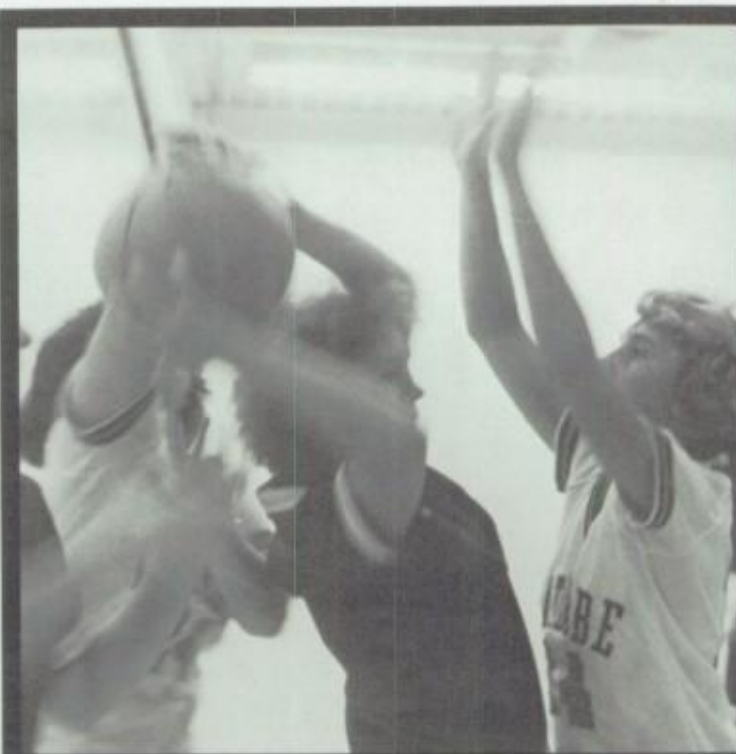

Gee Kori Stoner, why the sad face? Things can't possibly be as bad as they seem, can they?

The **1979-80 Girls' Basketball team** suffered through a disappointing 2-10 season. Despite four returning letter "women" and high season hopes, Derry could not put enough defense and offense together to produce a varsity win. The varsity squad was led by seniors Kim Opatka, Lori Sistik, Michele Quinlisk, and Sherri Kirkland, along with sophomores Jenny Miron, Stacy Wano, and Marcia Oleszewski.

Kim Optaka and Jenny Miron are practicing their own version of "The Hustle."

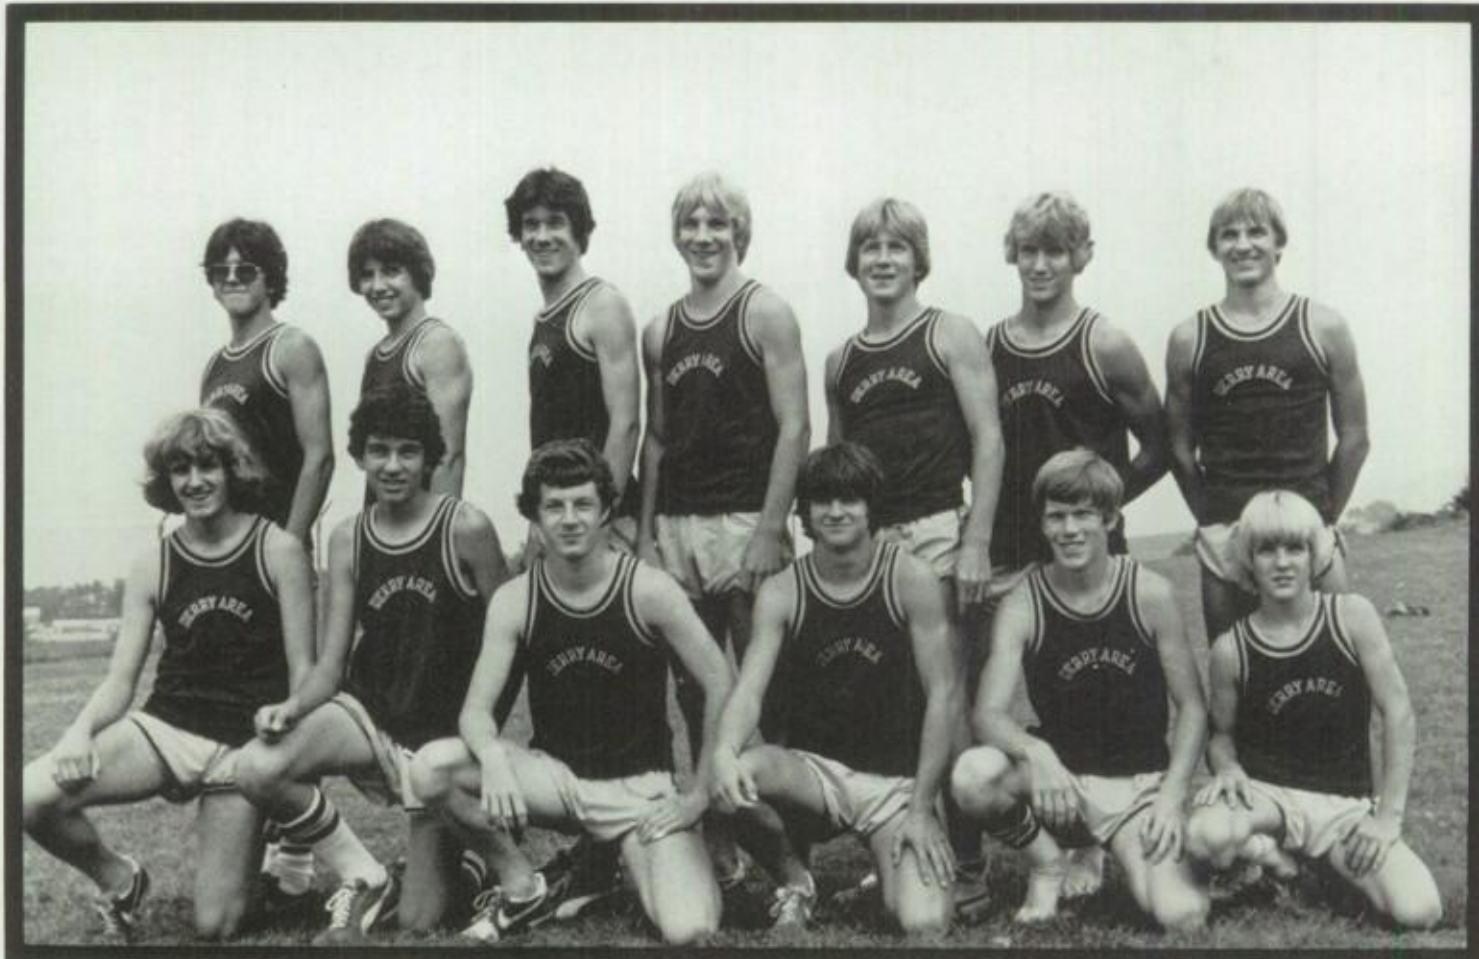

If I let the ball go now, I'll never live it down in the locker room, says Stacy Wano.

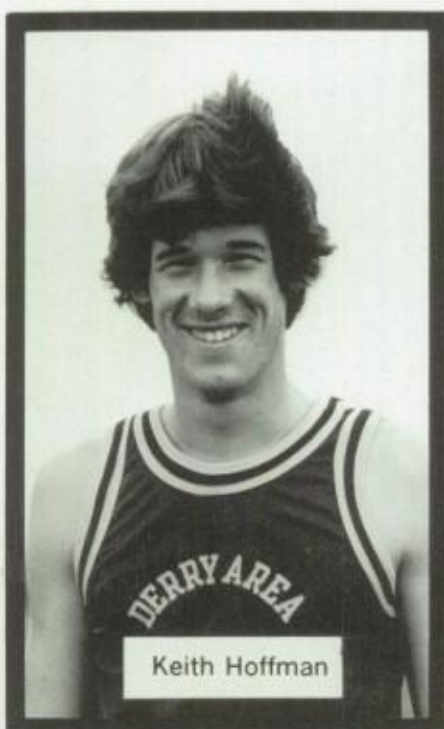

Jenny Miron streaks across the floor.

On the high school level, the **Cross Country** course has a varied terrain that covers a running distance of 2.9 to 3.2 miles. Points are received according to the place won. For example, the first place winner would receive one point, the second place winner two. To total a score, the five best runners' scores are added together, and the same is done to the opponents' scores. The team with the lower score wins.

The Cross Country Team is filled with vim, vigor, and vitality as they approach the starting line.

What's the matter Tom Helisek, did they all leave you?

Mike Sisak strikes a pose for the camera.

Keith Hoffman and Dave Bennett in stride and showing pride.

On your mark, get set, GO they're off and running!

"I finally ran the **WHOLE** course by myself!" exclaims Mike Long.

Over the river and through the woods, to victory we go! The team knows the way to win the day and carry on like a pro.

FOOTBALL

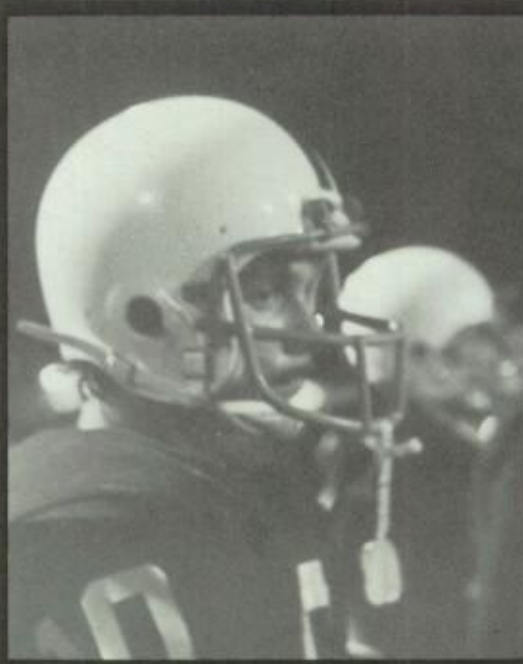

Don Urick leaps for joy over a touchdown that the Trojans score.

"Where is he? I know he's out there somewhere," thinks Rich Sweeney.

Dino DeCario and Bob Fross enjoy the antics on the field.

"I hope they don't pick me to play against Penn Hills," thinks Todd Urick.

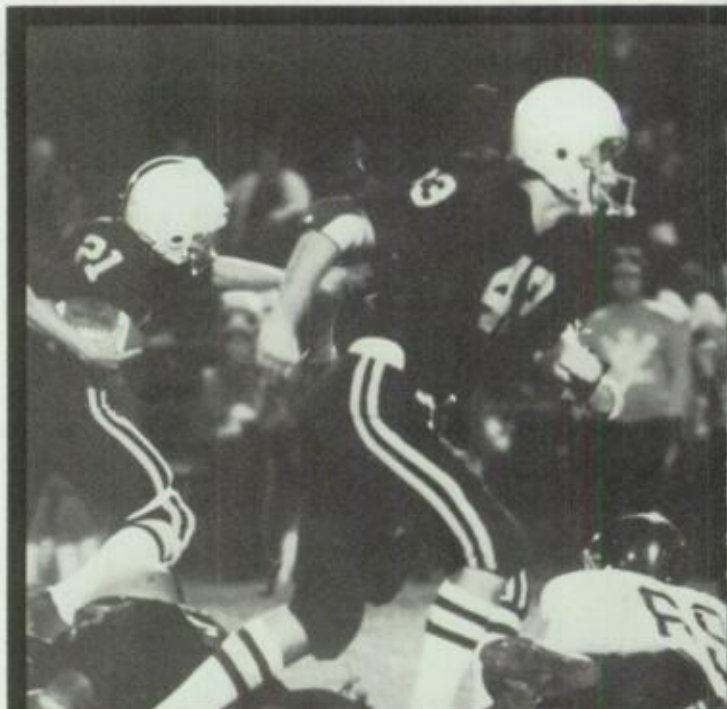

"I've got to get out of here before he gets me!"

Some sports seasons are less productive than others. With only four returning lettermen, the majority of the team was inexperienced. Couple this inexperience with the smaller than average size of the players and difficulties resulted. In spite of the 0-10 season, teammates learned a lot about themselves and about winning. While it is good to win, neither winning nor losing is everything. Every team win or lose, hopes that next year's team will be better.

We can't stay here for ever! Let's decide who will carry the ball!

"Follow me, I know the way," John Baum tells Bobby Joe.

"Oops! I thought I had him." "Who's got the ball?" "How in the @¢&*\$ did I miss him?"

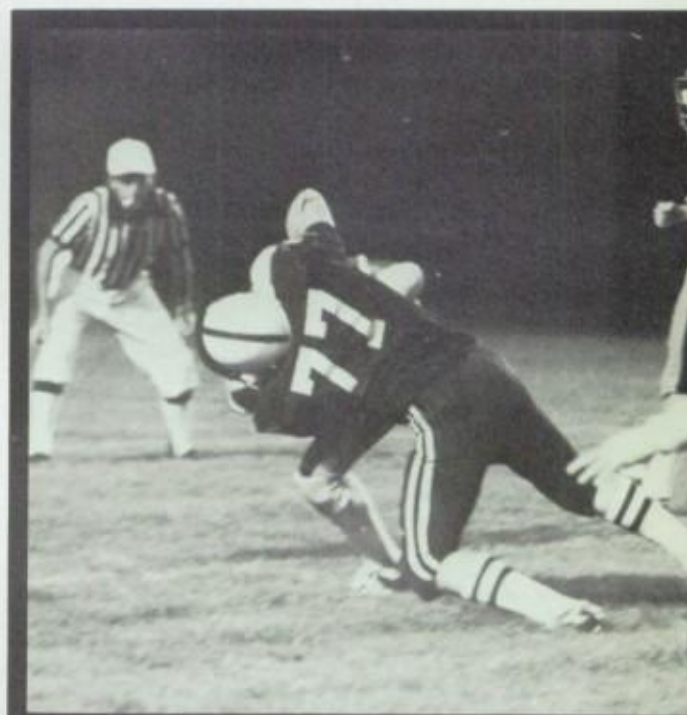

John Bravis "ease on down" the field.

Coach Albaugh gives last minute instructions.

"I've got to stop that pass," thinks Dino DeCario.

Dino got him, but where's the ball?

See Dave Krinock, aren't your knees cold?

In a game of high-school golf, there is a total of eleven points per match. Each player can score up to two points. Five golfers are scored, which account for ten of the eleven points. The final point is awarded to the team with the least number of strokes. The school with the highest number of points wins the match.

"Hurry up Matt Marron, this flag is getting heavy," sighs Mike Phillippi.

The Derry Area Girls' Tennis team played its 1979 season on the new tennis courts built by the Derry Recreation Board. The season record was 3 - 6. The first and second singles positions were held by Jackie Herrold and Jill Carnahan. Their records were identical, 6 - 3. The third singles position was interchanged among Amy Maffit, Mary Beth Allison, and Tina Keffer.

"Look ma! I'm on the court," says Lori Aikens.

"Where is everybody?" cries Julie Long

In all phases of this sport, speed, endurance and practice are necessities. In any track team, individual work is what is basically important. With only five returning lettermen, the 1978-79 track team had a disappointing 2-5 record. This year's team began conditioning in February. With three returning lettermen and new uniforms, the 1979-80 track team had a rebuilding year.

Playing in one of the toughest sections in Pennsylvania, this year's team with seven strong returning lettermen, compiled another winning season for Derry Area's boys volleyball.

The 1979-80 wrestling season was full of disappointment and yet full of hope for the future. The disappointment was in the fact that twenty wrestlers from the 1978-79 squad graduated leaving only two returning lettermen on a very inexperienced team for this year. The one bright spot was many underclassmen had the opportunity to wrestle, thus gaining the experience needed to begin rebuilding to a winning team.

Notice — three heads. What is the referee doing back there??

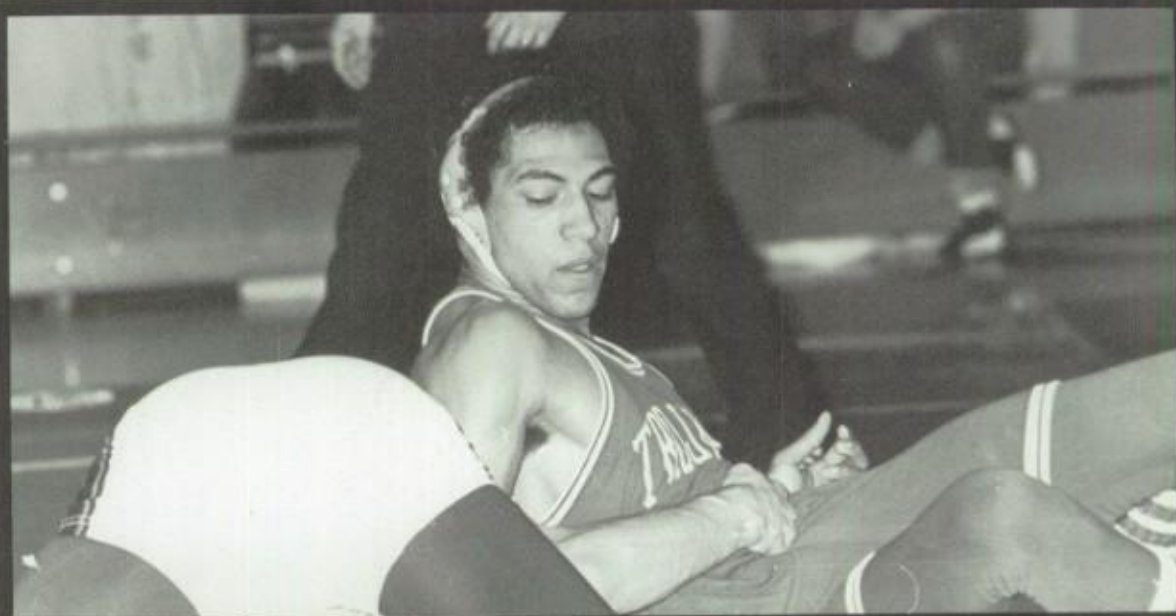

You pick on my girlfriend, I smasha you face!

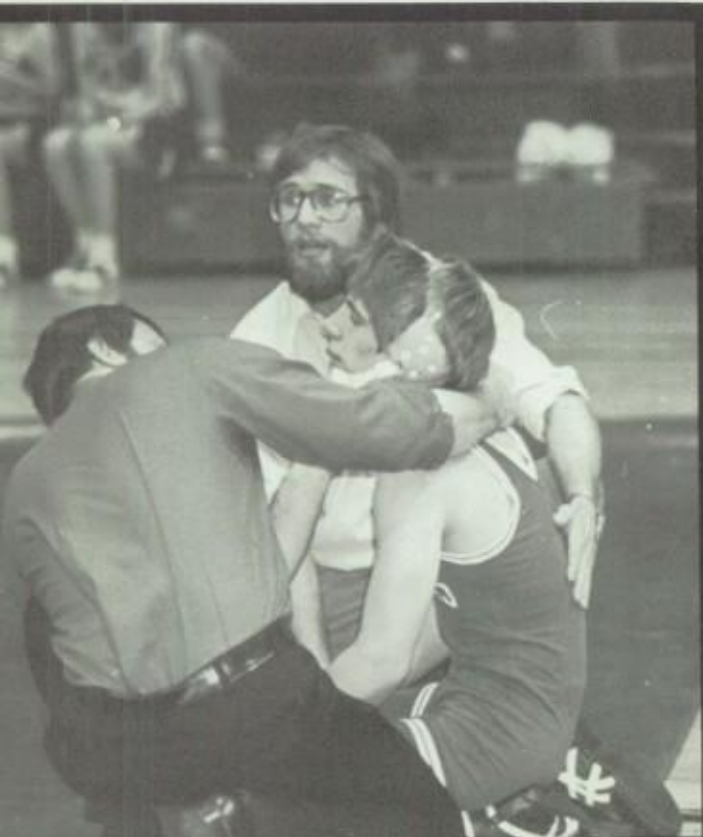

Does Don Ray think he's arm wrestling?

SPORTS HONORS

According to Duffle Daughtery, coach at Michigan State, a good athlete has 3 kinds of bones - a funny-bone, a wishbone and a backbone. The funnybone is to enjoy a laugh, even at one's own expense. The wishbone is to think big, set one's goals high and to have dreams and ambitions. And the backbone is so a boy (or girl) will have the gumption to get up and go to work and make all those dreams come true.

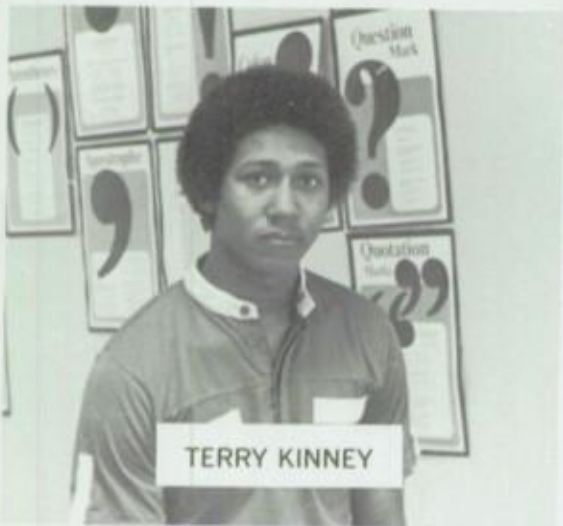

We are proud of our Derry athletes whether their accomplishments have been noted or not. These pictured on this page are only a few of the athletes honored this past year.

move up in the world

In today's rapidly changing world, hard work alone cannot always guarantee job advancement. Increased education can also be a necessity.

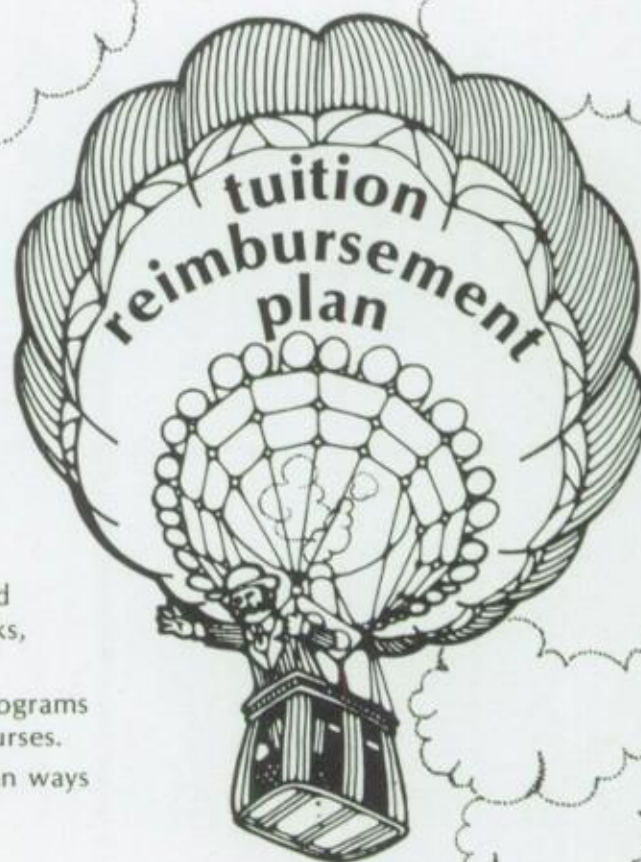

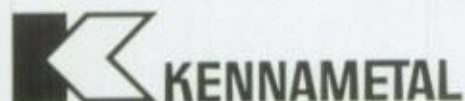

That's why many companies, such as Kennametal Inc., have a plan for sharing educational expenses with employees.

It's called "Reimbursement of Educational Expense," and the purpose is to help employees equip themselves for advancement and growth as they prepare to take on greater responsibilities.

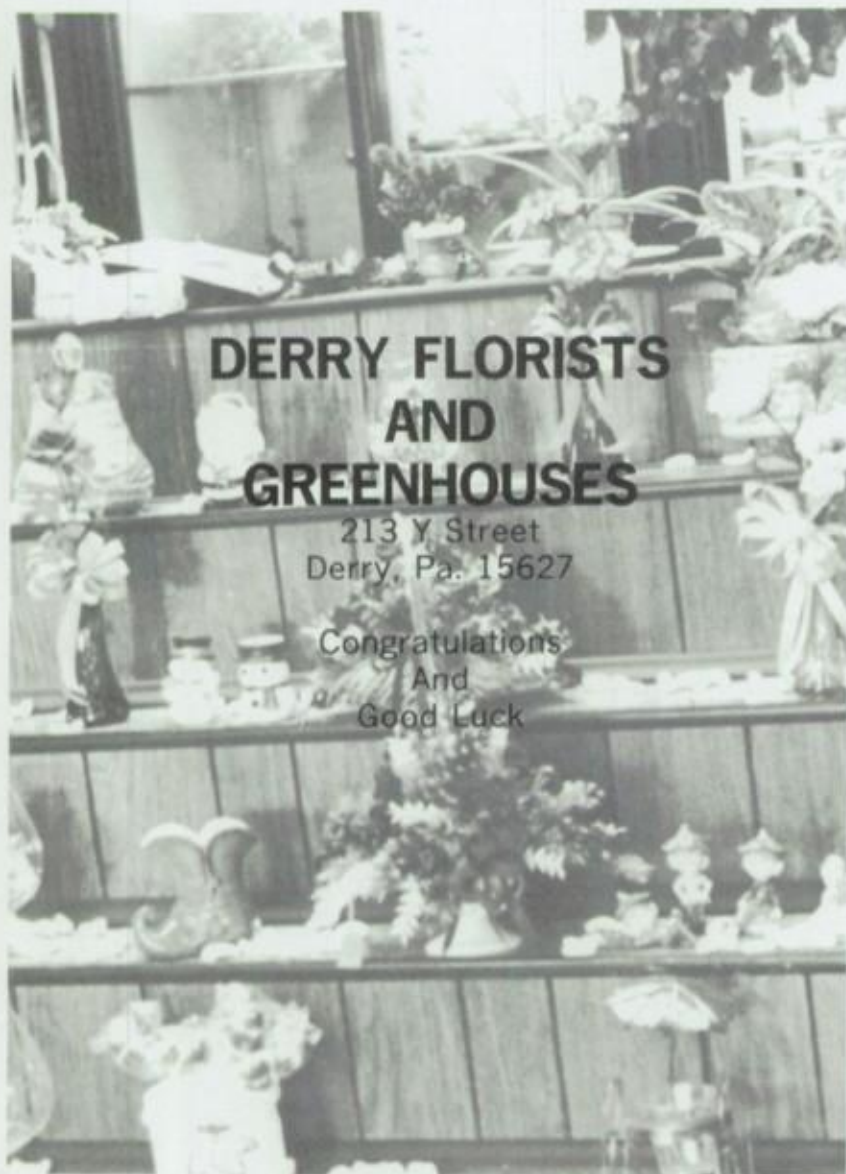

At Kennametal, employees who satisfactorily complete an approved course are reimbursed for tuition charges, registration fees, textbooks, and laboratory fees.

The program includes correspondence courses, adult education programs and vocational school programs, as well as regular college credit courses.

Tuition reimbursement. Something to keep in mind as you plan ways to get your career off the ground.

MEATBALLS of the MONTHS

Graceful Michele Terney was this years first **"Meatball."** In September, Michele must have been cursed with all the bad luck in the world. Her first mishap occurred while she was trying to get into her car. Unaware of her tremendous strength, she pulled the door a bit too hard. According to Michele, the door would usually stick, but that time it didn't. It swung open and struck her in the nose. The funny thing is, it took her a least twenty four hours to decide to go to the hospital and get her nose checked. The next day Michele bravely went to tennis practice, nose bandages and all. Unfortunately, she didn't even finish practice before the ball "slipped" under her foot. Within seconds, Michele and her broken nose were both lying flat on the court. Another trip to the hospital was necessary. This time she came home with a sprained foot and a pair of crutches! Three cheers for Michele and her gracefulness!

November had two **"Turkeys of the Month,"** the first being the naive and innocent (?) Ken Greene. One day Ken decided he didn't want to come to school. Both parents work, so Ken planned to stay home. He left the house as if he were going to school. Instead of going, Ken hid in the nearby woods until his parents left the house. He went back into his house and was relaxing in front of the T.V. with munchies when all of a sudden a car pulled up outside the house. Who was it? None other than good 'ole mom and dad! The first time Ken decided to skip out and his father gets sick at work! Like a streak of lightning our meatball turned everything off and ran to his room and hid in the closet. He didn't want his mom or dad to find out he was skipping out. He stayed in his cozy closet for SIX hours!! During this time, our meatball's mother went into his closet to get hangers out and never noticed Ken! finally, Ken did come out of the closet and confess. He really learned his lesson.

November's other **"Turkey"** was none other than Mrs. Elder, the competent advisor of FBLA. The officers of FBLA were invited to attend a seminar. Mrs. Elder recieved the invitation and made all the arrangements for the trip. They loaded the van and were finally on their way to Lancaster. They drove up to "Host farm" (where they were supposed to stay according to Mrs. Elder). She went up to the desk and asked the clerk where they could find their rooms and where they could park the van. Mrs. Elder told the clerk they were there for the FBLA seminar and the desk clerk in return asked her, "What is FBLA?" She explained and said the invitation stated they were to stay at "Host Farm." She showed the man the invitation and he said "Sorry Miss, this is Host Farm," your letter says "Host Inn", and that's in Harrisburg!" The embarrassed Mrs. Elder returned to the van to inform the girls they were in for more riding. The girls burst into hysterics. When they finally settled down, they started out again, this time for Harrisburg - only two hours late! So, if you ever need directions, don't ask Mrs. Elder - you may end up in China!

Lisa Harter was December's **"Snowball."** Lisa was going to be late for her astronomy class in the junior high, so she decided to run to make it on time. She ran carelessly past the junior high office door, when all of a sudden another girl opened the door - right on Lisa's hip! Her hip shattered the glass on the door, and the glass flew everywhere. Our meatball survived the episode with a few black 'n blue marks and a bruised hip. Needless to say, Lisa did not make it to astronomy on time that day!

February's sweet **"Meatball"** had quite an incredible story to tell. Mrs. Lynch was cleaning her bedroom. While cleaning the bed, she took the mattress off and stood it against the wall. She continued cleaning the bed and much to her surprise, the mattress fell and hit her on the head. It trapped Mrs. Lynch between the bed frame and the mattress. She yelled and screamed for her daughter and husband to come to her rescue and luckily they were there. Our meatball thought she would get out of the incident with a few bumps and bruises, but little did she know the next morning she would wake up with a swollen and broken nose! Not being able to wear glasses for a couple of weeks, she once picked up a cap of a pen, thinking it was chalk, and began writing on the board. Her students had to set her straight. Better a broken nose than a dirty house, right Mrs. Lynch?

GOOD MORNING 80's

MIKE,
TO A JERK THAT JERKS (HA HA) MIKE YOUR
ONE OF MY VERY GOOD FRIENDS WHO I DON'T
KNOW HOW SURVIVED THE YEAR BEING WHAT YOU
ARE GOOFY AS HELL. WHEN I LEAVE FOR THE AIR FORCE
DON'T GO CRYING BECAUSE DWAYNE WILL STILL THERE
TO KEEP YOU COMPANY. AND IF I HERE OF ANY PARTIES
YOU GUYS HAVE AND I DON'T GET AN INVITATION IN THE
MAIL YOUR BOTH IN A HELL OF LOT OF TROUBLE. CAN'T
WAIT TILL WE HAVE THAT PARTY IN YOUR GARAGE
SO WE CAN PISS OFF CURRY. BOY WOULD I LIKE
TO SHOVE AN M 80 UP HIS ASS AND WATCH IT
EXPLODE. MAYBE I'LL BRING HOME A GRANADE AND
WE CAN SHOVE THAT UP HIS ASS. BOY THAT WOULD
BE FUNNY TO WATCH HIS GUTS SPLATTER ALL OVER
HIS WIFES FACE. THEN MAYBE WE COULD GO DOWN
THERE AND GET A PEICE OF HIS WIFE, WHAT DO YOU
THINK ABOUT THAT. OR MAYBE I CAN BRING HOME
AN M 16 AUTOMATIC RIFLE AND SHOOT ONE OF HIS
HORSES AND RAPE THE OTHER ONE, BOY WOULDN'T
THAT MAKE A GOOD SEX NOVAL. WE WOULD HAVE
IT MADE THEN. THEN ~~WOULD~~ WE ~~ALL~~ ALL COULD
GO TO JAIL TOGETHER AND VISIT MIKE THE
PRIEST ~~MALDEYOS~~ MOGYUROS NOW WOULDN'T
THAT BE FUN. WELL THAT'S ABOUT IT
AKA
BRYAN
SQUIBBS.

Life was nice
to meet you. Had
lots of fun with
you guys on the bus
that day. Have fun
year & over. Take it easy.
Love Angie

Mike,
A really nice
trumpet player
see ya this summer
at Band Camp
Bye Beth

... but each dawn must die.
No man can own a sunrise.
No man can will it to last forever.
It cannot be preserved,
touched or saved.
It is a gift
from God
to be enjoyed for its original display
of color.
When it disappears,
one knows it will rise again.
In this rising is the hope and assurance
that another day has just been born.

Mike,

You're nice, but you
harrased me too much.
Take Care, I'll (probably)
remember you.
